

Designer Board Felt

Designer Board Felt is made from a combination of regular and low melt polyester fibers, giving it a stiff, board-like feel. The firm density of this product lends to its durability and resiliency and allows it to be easily cut into custom shapes

TECHNICAL DATA SHEET | (EFFECTIVE 26FEB21)

Designer Board Felt, 1500 gsm		
PHYSICAL PROPERTY	UNIT	VALUE
Design		PET ND (60% recycled PET fiber)
Color		Various
Mass per Unit Area (Total Weight)	gsm	1500 ± 10%
Tensile Strength		
Longitudinal (Y)	N/5cm	1000 ± 20%
Transverse (X)	N/5cm	1000 ± 20%
Elongation at Break		
Longitudinal (Y)	%	70 ± 30%
Transverse (X)	%	70 ± 30%
Tear Strength		
Longitudinal (Y)	N	1000 ± 20%
Transverse (X)	N	1000 ± 20%
Odor Release	–	None
Shelf Life	–	Unlimited
